Derby, UK — 4 September, 2024 — [Esker](#), a [global cloud platform](#) and leader in [AI-driven process automation solutions](#) for Finance, Procurement and Customer Service functions, is pleased to announce its participation at the Gartner CFO & Finance Executive Conference on the 11th and 12th September in London, exhibiting at booth #104.

Emmanuel Olivier, Worldwide Chief Operating Officer at Esker will be hosting an engaging session during the event, centering on the subject of 'The AI-Enhanced Office of the CFO: Streamlining & Transforming Finance Operations'. We look forward to welcoming a large group of attendees to this year's session.

"In my opinion, this year's conference promises once again to be an exceptional gathering of CFOs and Finance executives, eager to discover the secrets of building autonomous finance solutions and unlocking untapped growth opportunities," said Olivier.

Join us for an opportunity to connect, learn and grow alongside industry pioneers, renowned specialists, and like-minded professionals. Esker's team of experts will be available to meet with attendees at booth #104 throughout the entire conference.

About the Gartner CFO & Finance Executive Conference

Gartner experts will explore the theme "Autonomous Finance: Driving Transformation to Unlock Enterprise Value" during the Gartner CFO & Finance Executive Conference 2024, taking place September 11-12 in London. Sessions will cover how organisations can navigate challenges - such as higher rates, challenged growth, scarce labour, cost pressure, security threats, and the scramble for AI use cases - by rapidly evolving, transforming and redefining data, processes, technologies, staff capabilities and organisational models.
